How to Use This Pack

Each puzzle hides every word from its list inside the letter grid. Words run in straight lines and can share letters with other words. Spaces and punctuation are left out, so WHIPPED CREAM is hidden as WHIPPEDCREAM.

Puzzles 1–4: Easy. Words read forwards only: left to right, top to bottom, or diagonally.

Circle each word in the grid and tick it off the list as you go. Every answer is at the back of the pack.

At the bottom of each puzzle you will find a **Memory Lane** question: something to think about, write down, or talk over with family and friends.

Print on plain paper. For the biggest letters, choose 'Actual size' or '100%' in your printer settings, not 'Fit to page'.
